### Monthly Objectives

**English Language arts:** This month the students will study Eric Carle among other author and illustrator's style. The students will also create graphic organizers from story read alouds in order to deepen their comprehension and create statements based on those diagrams which will cover science objectives. High Frequency Words: one out about my by now how put went sew make take eat

**Math:** Students will select a strategy and justify their reasoning for the selection of a strategy to solve addition and subtraction word problems.

**Science:** Students will observe the basic parts and life cycle of plants. Students will also notice living animals and identify their basic needs.

**Social Studies:** Students will explore examples of the effects of technology on how people live and work. Students will begin to explore similarities and differences among families: the characteristics families have in common and others that may distinguish one family from another. Students will also study and practice decision-making skills and applying them to an appropriate topic or question.

### Class Notes

#### READING LOGS

Reading Logs will only be checked on Mondays. I am so proud of all your childrens' hard work toward their 100/200/300 club goals. Thank you for supporting and encouraging them. ☺

#### LIBRARY TUESDAYS

Please remind your children to return their library books on Tuesdays so they can check out new books.

#### SUPPLIES

Our class is in need of Lysol wipes and treasure box items (party favors from dollar store/spot or party city).

Our class is also in need of individually packaged snacks for the following weeks: March 31- April 4<sup>th</sup>, April 14-18, April 21-25, April 28- May 2, May 5-9, May 12-16, May 19-23. If we are unable to provide snacks for these weeks the students will be asked to bring individual snacks from home. THANK YOU so much for providing snacks for all the children so far this year!

### Show and Tell

Week 1 March 31- April 4	Draw and label the parts of a plant
Week 2 April 7-11	Draw and label the life cycle of a plant
Week 3 April 14-18	Picture or item to show technology has changed the way we live
Week 4 April 21-25	Free choice
